

AGE FRIEND SEAL

Turn the Silver Economy into your Greatest Asset

Certification and Strategic Alliances for leading organizations transforming population aging into a competitive advantage.

The Market You Cannot Ignore

The Strategic Opportunity

The population aged 50 and over accounts for a growing share of global consumption, business expertise, and financial and family decision-making.

The Invisible Challenge

However, physical, digital, and cultural barriers result in invisible losses every day regarding the retention of key talent and clients.

Measurable Competitive Advantage

Age Friend Seal helps organizations turn the silver economy into results:

- ✓ Superior customer service for senior clients and long-term loyalty.
- ✓ Productive multigenerational teams and knowledge transfer.
- ✓ 100% accessible digital channels and physical environments.
- ✓ Substantial increase in corporate reputation and public trust.

Global Standards, Local Results

Our certification aligns your operations with the most rigorous international guidelines.

ISO 25550

Talent Management

Prevention of ageism in the workplace, management of senior talent and intergenerational teams.

ISO 25551

Reconciliation

Corporate support for people with caregiving responsibilities and wellness programs.

ISO 25556

UX Experience

Design of digital channels, platforms and accessible interfaces adapted to older people.

WHO/ILO

Policies and Treatment

Friendly environments, a protocol for dignified treatment, and job continuity without discrimination.

Multi-sectoral Impact

Solutions tailored to your business model.

B2B and Employers

Senior retention, generational diversity, and employer branding.

AgeTech and Providers

Seamless integration into the silver innovation ecosystem.

Retail and Services

Senior customer experience, accessibility, and human channels.

Public Sector

Training, institutional validation and friendly cities.

Three Levels of Institutional Accreditation

We didn't interrupt its operations; we evolved them step by step.

01

Initial Commitment

Corporate self-diagnosis, initial action plan and awarding of the start seal for 6 months.

02

Conditional Certification

Virtual audit, document validation of processes and delivery of prioritized roadmap.

03

Premium Certification

Comprehensive audit, verification of on-site/digital operational evidence and advanced global accreditation.

Is your organization ready to lead this market?

The first step is to understand its operational maturity.

It's not a sales call, it's a strategic discovery session.
